

**RAH-CM Series****Roof Access Hatch - Curb Mount**

**Roof Access Hatch Curb Mounts** are designed to provide convenient, cost saving access to the roofs of buildings, allowing for ladders and stair access to the roof from the interior of the building. Elmdor Roof Access Hatches are designed and engineered for durability and safety, with ease of installation. The Roof Access Hatch Curb Mount installs easily on a built-up curb.

**Curb construction** shall be 14 gage galvanized steel with durable recoatable gray primer finish. It shall be 12" in height with 2" mounting flange for curb installation and supplied with mounting holes for securing to curb.

**Cover** is 14 gage galvanized steel with radius corners for safety and shall be fully welded at the corners for watertight construction.

**Latching** shall include interior handle, exterior handle and provisions for a padlock, both inside and out.

**Hardware** shall include an automatic, hold-open arm with vinyl grip and compression springs encased in telescopic tubes for smooth door operation.

**Guide Specification**

Provide Elmdor RAH-CM series, Roof Access Hatch Curb Mount (specify model number and options). Roof hatch shall be fabricated from 14 gage galvanized steel on both curb and cover. Compression springs encased in zinc-plated telescopic tubes shall be provided for smooth operation of the cover. An automatic hold-open arm with vinyl grip will be furnished. Latching shall include both interior and exterior handles with provisions for a padlock both inside and out and shall be supplied with a 2" curb mount flange furnished with mounting holes for securing in place with hardware furnished by others.
